Error

Error

Expected component `Troubleshooter` to be defined: you likely forgot to import, pass, or provide it.

This issue often occurs when your MDX component encounters runtime errors.

slsa-build-provenance-artifact-signing-supply-chain/pdf.mdx:1246:17

Open in editor

```
1246          text: 'For very large images, consider generating SBOM from lockfiles du
                    ^
